**AS AND FOR A FIRST AFFIRMATIVE DEFENSE**

That one or more of the causes of action are time barred pursuant to the applicable Statute of Limitations.

**AS AND FOR A SECOND AFFIRMATIVE DEFENSE**

SCHERING specifically pleads estoppel, waiver, ratification, laches, accord and satisfaction, and failure to mitigate or minimize damages, if any.

**AS AND FOR A THIRD AFFIRMATIVE DEFENSE**

Any alleged negligent or culpable conduct of SCHERING, none being admitted, was so insubstantial as to be insufficient to be a proximate or substantial contributing cause of plaintiff's alleged injuries.

**AS AND FOR A FOURTH AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred, in whole or in part, because Tequin® (Gatifloxacin) was designed, manufactured, marketed, and labeled with proper warnings, information, cautions, and instructions, in accordance with the state of the art and the state of scientific and technological

knowledge. SCHERING invokes all state of the art defenses applicable to plaintiff's claims, including the state of the art applicable to the industry in question, medicine, medical science, and all others, alleging that they discharged, according to law and due care, each and every duty which plaintiff may have owed.

**AS AND FOR A FIFTH AFFIRMATIVE DEFENSE**

That any injuries which plaintiff may have sustained at the time and place set forth in the complaint herein and which resulted in his injuries therein alleged were caused in whole or in part by the contributory negligence and/or culpable conduct of the plaintiff and not as a result of any contributory negligence and/or culpable conduct on the part of SCHERING.

**AS AND FOR A SIXTH AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred, in whole or in part, by the doctrine(s) contained in Restatement (Second) of Torts § 402A, Comment k.

**AS AND FOR A SEVENTH AFFIRMATIVE DEFENSE**

To the extent that plaintiff alleges that SCHERING failed to warn of known or knowable risks inherent in the use of its product, such claims are governed by the learned intermediary or informed intermediary rule or doctrine.

**AS AND FOR AN EIGHTH AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred, in whole or in part, because plaintiff's injuries, if any, were the result of conduct of plaintiff, independent third parties over which SCHERING had no control, or events that were extraordinary under the circumstances, not foreseeable in the normal course of events, and/or independent, intervening, and superseding causes of the alleged injuries, including, but not limited to plaintiff's pre-existing medical conditions.

**AS AND FOR A NINTH AFFIRMATIVE DEFENSE**

Plaintiff's claims of product defect are, or may be barred by Section 4 of the Restatement (Third) of Torts: Products Liability because the product at issue complied with applicable product safety statutes and administrative regulations.

**AS AND FOR A TENTH AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred, in whole or in part, because SCHERING complied with all federal and state statutes as well as all administrative regulations.

**AS AND FOR AN ELEVENTH AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred, in whole or in part, because Tequin® (Gatifloxacin) is comprehensively regulated by the United States Food and Drug Administration pursuant to the Federal Food, Drug & Cosmetic Act, 21 U.S.C. § 301 et seq., and regulations and orders promulgated thereunder. Accordingly, plaintiff's claims are preempted by the Supremacy Clause of the United States Constitution, Article VI, clause 2, and the laws of the United States.

**AS AND FOR A TWELFTH AFFIRMATIVE DEFENSE**

SCHERING has no legal relationship or privity with plaintiff and owes no duty to plaintiff by which liability could be attributed to SCHERING as it relates to the attempted causes of action for breach of any warranties.

**AS AND FOR A THIRTEENTH AFFIRMATIVE DEFENSE**

SCHERING has made no warranties of any kind, express or implied, or any representations of any nature whatsoever to plaintiff. If any such warranties were made, whether express or implied, which SCHERING specifically denies, such claims are barred due to lack of privity with SCHERING, and/or for failure of plaintiff to give timely notice of any alleged breach of warranty, and by reason of disclaimers.

**AS AND FOR A FOURTEENTH AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred because the use of Tequin® (Gatifloxacin) was generally recognized as safe and effective pursuant to conditions established by the Food and Drug Administration and applicable regulations, including packaging and labeling regulations.

**AS AND FOR A FIFTEENTH AFFIRMATIVE DEFENSE**

Tequin® (Gatifloxacin) was, and is, safe for its intended use and was, and is, not defective or unreasonably dangerous.

**AS AND FOR A SIXTEENTH AFFIRMATIVE DEFENSE**

The conduct of SCHERING in all activities with respect to the subject product has been and is under the supervision of the Food and Drug Administration. Accordingly, this action is barred by the Doctrine of Primary Jurisdiction.

**AS AND FOR A SEVENTEENTH AFFIRMATIVE DEFENSE**

Although SCHERING denies that plaintiff is entitled to judgment in any amount against them, SCHERING would show that any judgment against it is limited to the applicable amount or percentage of its liability.

**AS AND FOR AN EIGHTEENTH AFFIRMATIVE DEFENSE**

SCHERING is not liable for any injuries or damages plaintiff may have incurred as a consequence of any use of the product at issue which was not specifically authorized in written information accompanying its products in accordance with applicable law.

**AS AND FOR A NINETEENTH AFFIRMATIVE DEFENSE**

SCHERING hereby gives notice that, to the extent the sophisticated purchaser doctrine is applicable to any of the allegations contained in the complaint, SCHERING intends to rely upon the same in defense of this action.

**AS AND FOR A TWENTIETH AFFIRMATIVE DEFENSE**

SCHERING hereby specifically denies each and every allegation contained in the complaint by which liability is sought to be imposed upon SCHERING and gives notice that SCHERING intends to rely upon such other affirmative defenses as may become available or known to it during the course of disclosure and discovery, and SCHERING reserves the right to amend this answer to assert any such defenses.

**AS AND FOR A TWENTY-FIRST AFFIRMATIVE DEFENSE**

Plaintiff's claims are barred by Section 6(c) and (d) of the Restatement (Third) of Torts: Products Liability. Reasonable physicians knowing of the reasonably foreseeable risks and therapeutic benefits associated with the product at issue would have prescribed and did prescribe the product for classes of patients.

**AS AND FOR A TWENTY-SECOND AFFIRMATIVE DEFENSE**

The injuries and/or damages of plaintiff (if any) were the result of unavoidable circumstances that could not have been prevented by anyone.

**AS AND FOR A TWENTY-THIRD AFFIRMATIVE DEFENSE**

Plaintiff's complaint fails to state a claim against SCHERING upon which relief can be granted.

**AS AND FOR A TWENTY-FOURTH AFFIRMATIVE DEFENSE**

The public interest and benefit and the availability of such product that is the subject matter of this action preclude liability for risks, if any, resulting from such activities, which were unavoidable given the state of human knowledge at the time those activities were undertaken. With respect to plaintiff's claims, if it is determined that there is a risk inherent in any said product, then such risk is outweighed by the benefits of the product.

**AS AND FOR A TWENTY-FIFTH AFFIRMATIVE DEFENSE**

If plaintiff suffered injuries and damages by reason of operation of nature or idiosyncratic and/or allergic reaction to the product at issue, used either alone or in combination with any other drug, SCHERING is not liable.

**AS AND FOR A TWENTY-SIXTH AFFIRMATIVE DEFENSE**

If plaintiff sustained injuries or incurred expenses as alleged, such injuries or expenses resulted from pre-existing or unrelated medical, genetic or environmental conditions, diseases or illnesses of the plaintiff that were unrelated to any of the conduct of defendant SCHERING.

**AS AND FOR A TWENTY-SEVENTH AFFIRMATIVE DEFENSE**

Any verdict or judgment rendered against SCHERING must be reduced by those amounts which have been, or will, with reasonable certainty, replace or indemnify plaintiff, in whole or in part, for any past or future claimed economic loss, from any collateral source such as insurance, social security, worker's compensation, or employee benefit programs.

**AS AND FOR A TWENTY-EIGHTH AFFIRMATIVE DEFENSE**

Upon information and belief, plaintiff had full knowledge of the risks and possible adverse effects pertaining to ingestion and use of the alleged product, and part or all of the injuries, damages, and/or losses (if any) sustained by plaintiff arose from and were caused by such risks of which he was aware, and such risks were accepted and assumed by the plaintiff, and for that reason plaintiff's recovery (if any) should be diminished, reduced, offset or barred in accordance with the principles of assumption of risk and/or informed consent.

**AS AND FOR A TWENTY-NINTH AFFIRMATIVE DEFENSE**

The product at issue was only available through the prescription of licensed physicians who were provided complete and adequate warnings and instructions consistent with the state of medical and scientific knowledge at the time.

**AS AND FOR A THIRTIETH AFFIRMATIVE DEFENSE**

Part of the damages alleged by plaintiff arising out of plaintiff's injuries is due to plaintiff's failure to mitigate his damages as required by law and therefore, may not be recovered by plaintiff in this action.

**AS AND FOR A THIRTY-FIRST AFFIRMATIVE DEFENSE**

The product of which plaintiff complains has certain unavoidable, inherent characteristics that cannot be obviated under the state of scientific knowledge existing at the time such product was manufactured. While denying that such characteristics are dangerous or defective as a matter of law, if plaintiff sustained any injuries as a result of using or exposure to this product at issue, those injuries were the result of properties necessarily associated with the product that were unavoidable and for which SCHERING cannot be held responsible.

**AS AND FOR A THIRTY-SECOND AFFIRMATIVE DEFENSE**

To the extent plaintiff is seeking recovery for benefits entitled to be received or actually received from any other source for injuries alleged in the Complaint, such benefits are not recoverable in this action.

**AS AND FOR A THIRTY-THIRD AFFIRMATIVE DEFENSE**

There is no basis for asserting independent liability against Schering Corporation. Accordingly, the Complaint against Schering Corporation should be dismissed.

**AS AND FOR A THIRTY-FOURTH AFFIRMATIVE DEFENSE**

Contingent upon the completion of discovery and to the extent applicable, SCHERING reserves the right to file such additional defenses as may be appropriate.

**WHEREFORE**, Defendant Schering Corporation, demands judgment dismissing plaintiff's complaint and all cross-claims with prejudice, with its costs, disbursements, attorneys' fees, and for such other and further relief as to this Court may seem just and proper.

**JURY DEMAND**

Defendant demands a trial by jury as to all issues so triable.
